

What was achieved during this period?

We only did small updates and minor fixes due to Holy Week break

What is the focus for today?

Work was limited because of Holy Week

What blockers exist?

Development slowed because of the holiday break

What went well?

Some tasks were still reviewed when possible

What didn't go well?

Progress was very slow

What should we start doing?

Should prepare to continue work after the break

What should we continue doing?

Continue tracking tasks even during breaks.
